Hi Holly,

Yes count me in for this. Sorry about the delay we've been busy trying to get our budget over the finish line.

Hello Truckee and Benicia teams! I wanted to follow up on the below and confirm that you are still able to make the panel at the CA League of Cities event this September in Sacramento? We have to confirm our participation by Friday. Assuming you're still available, I have also included Keith, our Field Marketing Manager, on this email. He will be able to help you arrange hotel and flights, should that be necessary. Once you confirm Keith can follow up with details on how you should book those.

Thanks all, we're looking forward to this!

Good morning Chief Renfrow and Chief Greene, this is exciting to see we have been selected for the CA League of Cities event! I think this will be a wonderful way to highlight the innovative work around transparency and technology-driven policing that you are leading with in your respective agencies.

I wanted to confirm you are both still available to participate in this panel on the below dates? Additionally, I will work on getting a prep call scheduled sometime

soon so we can all discuss the panel outline and meet each other. Do you have any specific dates you are unavailable for that?

Thank you!

Holly

Flock Safety, a leader in equitable, responsible public safety technology, will facilitate the conversation.
