Hi Wendy,

Nice to meet you!

I wanted to provide a quick update on your project. Our permitting team is still working with Caltrans on getting the application approved. Caltrans has informed us that they are pending their HQ to review the paperwork. Caltrans will be following up with their HQ bi-weekly to see if they can obtain an update on the permit. I will continue to monitor the permits progress and update the team as more information becomes available.

Please feel free to reach out if you have any questions or concerns!

Thank you,

-Bobby

Good Morning Wendy -

Quick update! We checked back in with Soratha Sing (DOT) today, 3/5, to see if there are any updates on the approval from FHWA here so that we can get this permit signed and issued.

We will let you know how Soratha responds!

Due to a restructuring within our team, [@Bobby Sokolowski](#), will be taking over your account as your Project Manager moving forward. Feel free to reach out to him with any questions and he will be providing regular updates moving forward as we work to get your remaining camera permitted and installed 0 You are in great hands!

Please let us know if you have any questions.

It has been a pleasure working with you!

Good

Morning Wendy -

Quick update! Soratha with CalTrans let us know yesterday, 2/18, that "*The EPER document has been signed by all deputies. We are still waiting for a final approval letter from headquarters. Once received, I can issue the permit.*"

Based on this correspondence, we should be receiving your approved permit here shortly!!

I will keep you posted but please let me know if you have any questions.

Have a great day!

Hi Wendy -

Great news!

We received the following correspondence from Soratha (CalTrans) today, 1/5

-

"The NEPA Exemption has been approved by our Environmental Team. I am working with headquarters to finalize the EPER and send the request out to our District Directors for review and signature. This process may take a couple of weeks."

We will continue to follow up here until we either receive another update or the issued permit but please let me know if you have any questions in the meantime!

Thank you,

<hailey.spessard@flocksafety.com> wrote:

Hi Wendy -

Please see the below most recent updates regarding the CalTrans review of your remaining camera [REDACTED]

1/13 - Flock received the revised CAD plans (with the revisions requested by Soratha (CalTrans) - Once they go through quality check, we can resubmit

We are still waiting to see if Soratha with CalTrans has other comments for us before resubmitting since he stated that "other review units were still reviewing"

1/14 - Soratha replied - Permit is still being reviewed by other CalTrans review units, but requested revised plans. Flock sent unstamped revised plan to Soratha.

1/17 - Soratha sent additional redlines for the EPE letter. No issues with the plans. Flock requested those revisions internally

1/21 - Flock revised the EPE memo as requested and received finalized stamped plans

The revised EPE memo and stamped finalized plans were resubmitted to Soratha Sing (CalTrans) today, 1/21.

We will continue to check in until we have confirmed next steps from CalTrans, or hopefully, the issued permit.

Please let me know if you have any questions in the meantime.

Thank you!

Good Morning Wendy -
Quick update for you!
Our Permitting Manager, Derek, spoke with Soratha Sing (CalTrans) this morning and he let us know that he received comments from CalTrans Headquarters that your application is currently with structures for structural concurrency. He will send us comments (if applicable) once the structural review is complete.
We will continue to check in with Soratha until we have either those comments or an ETA on permit approval.
I will be out of office starting 12/23 and will return 1/2 so I will check back in with you in the New Year.
Thank you for your continued patience and Happy Holidays!!

Howdy All -

Nice to virtually meet you!

It looks like we only have one outstanding camera [REDACTED] to get permitted and installed for you.

Unfortunately we were unable to get those requested as-builts for this pole, however, a Flock Technician went out and took the needed measurements of the pole.

Those measurements and images have been sent to our permitting vendor to complete the CalTrans required structural analysis for this location.

This should take ~1-2 weeks to complete, then we can get that over to CalTrans so that they can continue their review of this permit request.

I will keep you updated here as this location progresses but please feel free to refer to your [Google Tracker](#) (location details) and your [Deployment Tracker](#) (real-time updates) in the meantime.

Thank you!

Hello,

I hope you are having a great Thursday!

I wanted to provide you with an update regarding camera [REDACTED] [REDACTED] with CalTrans.

Flock permitting is working to address the comments received from CalTrans D4. For the resubmittal, our permitting team is working

on the Policy Exception Letter, CEQA exemption, and revised site plans.

We have submitted the request to EBI (environmental consultant) to prepare and submit the CEQA exemption on Benicia's behalf. EBI said it would take about 2 - 3 weeks to prepare the exemption application. Once it is prepared, they then have to post the CEQA exemption application to the California State Clearinghouse for 30 days to allow other agencies to review and comment if they have any concerns. Once the 30 days is up, EBI will produce a CEQA exemption document that we will then resubmit to CalTrans along with the policy exception letter and the revised site plans. CalTrans will then review.

Please let me know if you have any questions.

Best Regards,
Melissa

Hello Lt Menesini,

I hope you are
doing well.

Flock permitting is
working to address
the comments from
CalTrans,
including the NEPA
requirement.

Flock's permitting
team met with
the consulting firm
EBI to review the
NEPA (National
Environmental
Protection Act) and
CEQA (California
Environmental
Quality
Act) requirements
for the Policy
exception from
CalTrans D4.

CalTrans has
informed us that the
CEQA report has to
be done in the
City's name. We
will need
confirmation from
your City's public

works that they would like EBI to do the CEQA report or if the City would like to do the report as it will be in their name.

Could you please advise if your public works will do the CEQA report or if we should ask EBI to proceed on the City's behalf?

Please let me know if you have any questions.

Best Regards,
Melissa

Hello Lt
Menesini,

Thank you so much for sharing this. I touched base with my permitting manager, Derek. He will be reviewing and working on the encroachment policy exception that is needed. This may take several weeks. He typically has to reach out to CalTrans to get clarification as

well. I will keep
you updated on
the progress or if
they have any
questions for
you.

Best Regards,
Melissa

"Hi

*I have
recently been
assigned as the
permit writer for
Permit
Application
#0424-NSV-
0053. After*

review of the
permit
application, it
has been
determined that
an
Encroachment
Policy
Exception is
needed in order
to perform your
scope of work
(Installation of 1
license plate
reading
cameras on
Hwy 780 in the
city of Benicia,)
in our State
Right-of
way. Please
submit to me a
letter
requesting for
an
Encroachment
Policy
Exception using
the provided
attached
template and
instruction
guidelines. I've
also attached a
copy of the
permit
application and
plans you
provided for the
application for
your
reference. Upo
n receipt of the
Encroachment
Policy
Exception
letter, a review
team will
determine

*whether the
request is
acceptable.*

*In addition
to the
Encroachment
Policy
Exception
letter, I have
just the permit
application
package for our
functioning
units to review
and comment.*

*If there
should be any
question,
please feel free
to contact me.*

Thanks,

Soratha Sing
