Subject: Please Join Us - Bay Area Flock Forum: Safe Cities

Hi Team,

We will be having a Safe Cities discussion on Wednesday, February 25th in South San Francisco for a Flock Forum! We'll be focusing on a *Multipurpose Strategy*: how different departments — from Police and Fire to IT and Public Works — can utilize a single ecosystem to solve city-wide challenges. This discussion helps departments coordinate instead of working separately, so you can share tools and procure tech faster and with fewer headaches.

Because we are focusing on a city-wide impact, we encourage you to bring a peer from another department (your City Manager, Fire Chiefs, Public Works, etc.). We'll be providing tips and guides to help you align with other city leaders on procurement and implementation.

We will also provide lunch, and you'll have time to network with your peers.

Date: Wednesday, February 25th, 2026

Time: 11:00am to 1:30pm PT

Location:

-

Genentech, 601 Gateway Boulevard South San Francisco, CA 94080

RSVP: Click [here](#) to register

We look forward to discussing how multipurpose technology supports not only your agency, but your entire jurisdiction as a whole.

Thank you,

Tony Ringhoffer
Customer Success Manager
